A key emphasis in the activity provided by the Supervisory Board was laid on a financial situation analysis and business activity of the Kofola Group and its principal companies, and supervision over the Board of Directors’ activity performance and matters in compliance with the Articles of Association and legal regulations. The Supervisory Board meetings were regularly participated also by members of the Board of Directors of the Company. Within its supervisory activity, the Supervisory Board co-acted with the internal auditor and the Company's Audit Committee.

On the basis of the performance of its regular supervisory activities, the Supervisory Board declares that it did not discover any inadequacies in the activities of the Company's Board of Directors and states that the operating results of Kofola ČeskoSlovensko group generated in 2021 were good. The results fully reflect the corresponding situation in 2021 not only in the Czech Republic, mainly with regard to the COVID-19 pandemics, which, as everybody hopes, is coming to an end.

In 2021, despite the continuing restrictions due to COVID-19 pandemics, the individual companies from the group successfully faced demanding challenges in all countries where the group does business and the results thus surpassed the results of the previous year and practically equalled the results of 2019. It is necessary to sincerely thank all group employees for the success achieved by the entire group. Several fundamental projects, which the chairman of the Board of Directors mentioned in his introductory speech, were carried out in the group.

The Supervisory Board reviewed the Report on Relations between related entities for 2021 prepared by the Board of Directors, did not find any inconsistencies and has no objections to its content.

The Supervisory Board reviewed the Financial Statements of Kofola ČeskoSlovensko a.s. as of 31 December 2021 and the Consolidated Financial Statements of Kofola ČeskoSlovensko Group as of 31 December 2021, including the auditor's report dated 12 April 2022 and comments of the Audit Committee dated 7 April 2022, finding neither discrepancies nor irregularities in the content of the Statements nor in a way of their construction and the audit process.

Based on the stated findings, and considering the Auditor's opinion, the Supervisory Board recommends both Financial Statements to be approved by the General Meeting of the Company.
