The Group's revenue without Poland increased by CZK 338 mil. (8.4%).

- Selling costs increasing, influenced by increased costs of cca CZK 74 mil. in UGO (further expansion – increased number of larger bars, increased marketing costs – first TV campaign, increased salaries due to increased number of bars), also due to acquired Studenac subsidiary – effect of CZK 74 mil., by increased costs in CzechoSlovakia (increased logistic costs) which were partly compensated by lower costs in Poland.

- Decreased admin costs, driven by decreased admin costs in CzechoSlovakia (thanks to merger of 5 companies in prior period and decreased costs in Poland).

- Increased financial result influenced by increased foreign exchange gains of cca CZK 26 mil., positive effect of revaluation derivatives of cca CZK 21 mil. and lower interest from loans.

Geographical segment sales (MCZK)

(CZK m)

- **Czech Republic**

Revenues increased by 3.5%, due to increased sales of Rauch, Rajec and Vinea. UGO increased revenue by 36.9%.

- **Slovakia**

Revenues growing by 3.8%, keeping leading position in both Retail and HoReCa segment in terms of market share. Sales in our most profitable HoReCa and Impulse channels grew, Impulse by double digits. Increased sales of both Rauch and Kofola brands.

- **Poland**

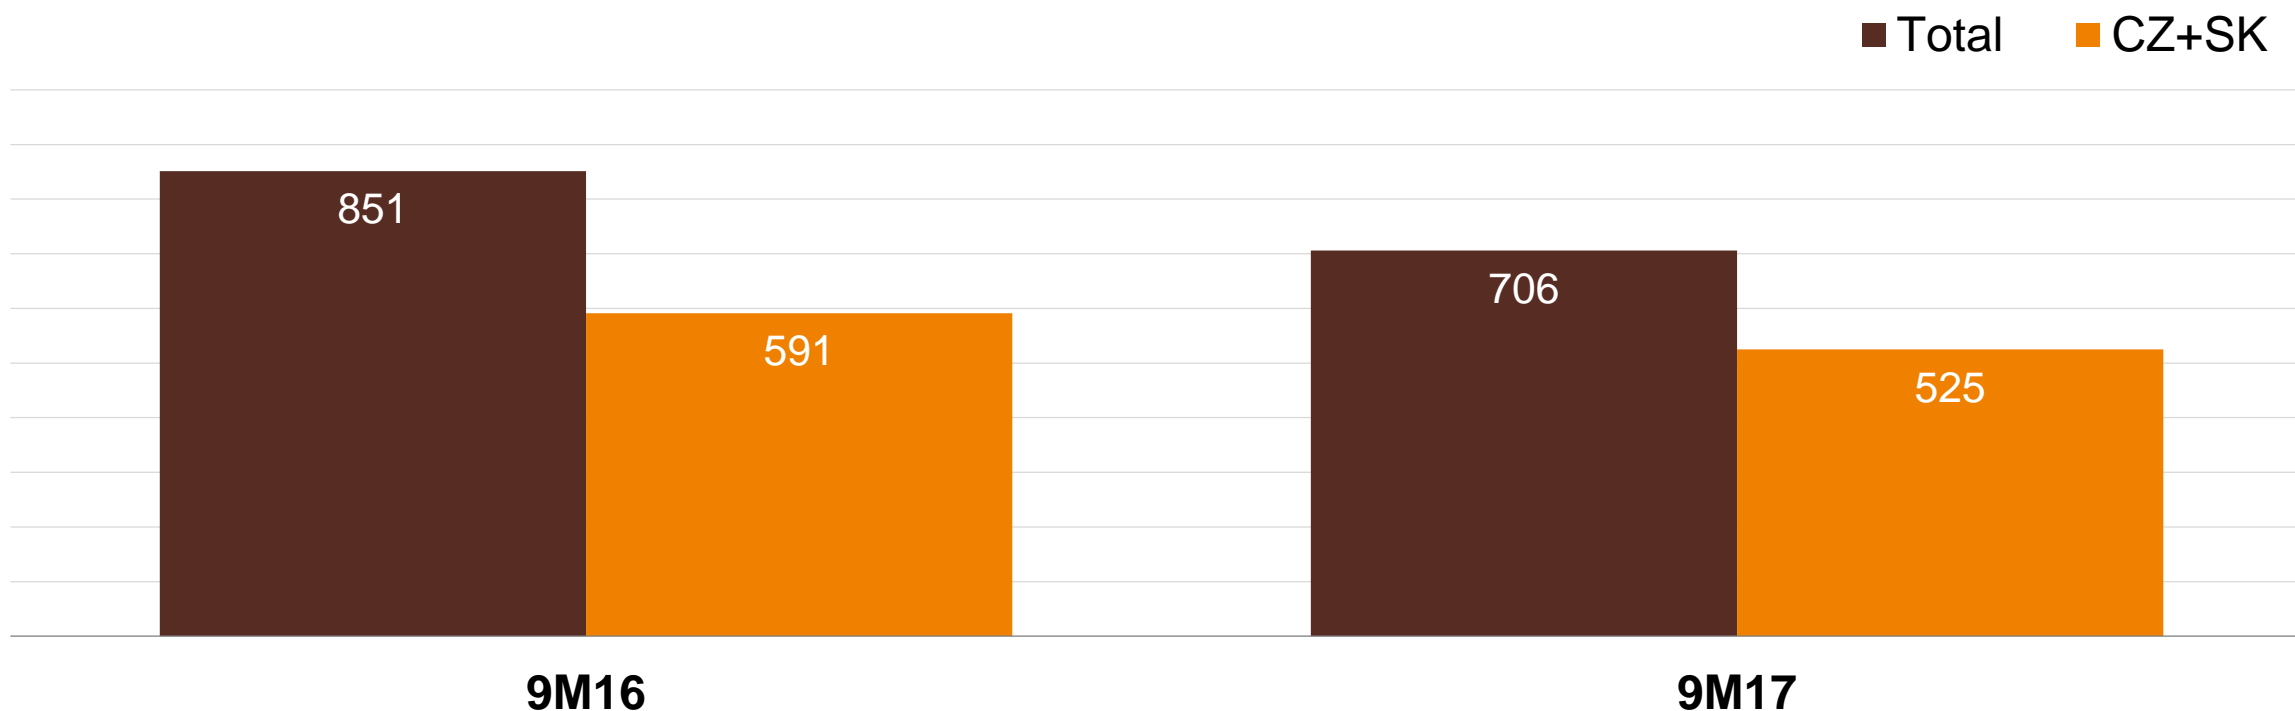

Revenue decreased by 29.5%, mainly due to lower sales of private labels and brands in traditional channel.

- **Adriatic region**

Adriatic segment shown increased revenue by 23.7%, also thanks to acquisition of Studenac – growing sales of brand Radenska in Croatia (post-acquisition synergies).

Consolidated adjusted EBITDA

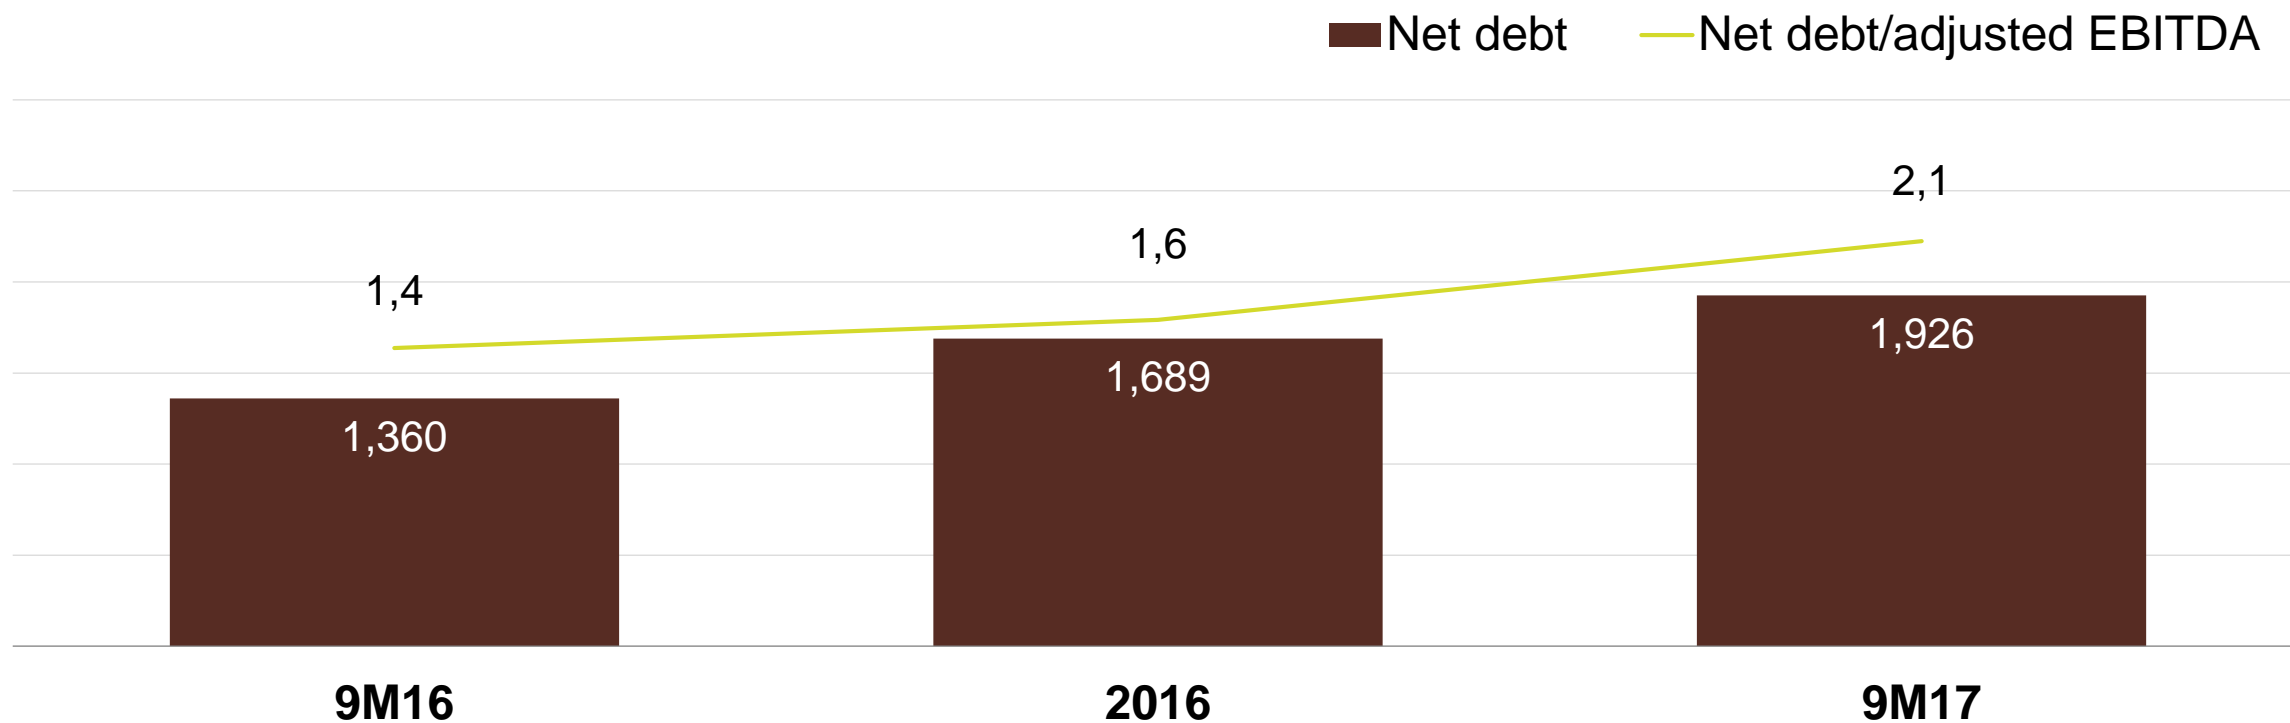

(CZK m)

The net decrease of EBITDA is caused by decreased performance in Poland and CzechoSlovakia, which was not fully compensated by increased performance in Croatia. The EBITDA achieved by the Group in Poland decreased as a result of decreased sales mainly of private labels. The EBITDA in the Czech Republic decreased due to lower sales of Kofola, increased costs of sugar and increased selling (logistic) and marketing expenses.

Consolidated NET DEBT

(CZK m)

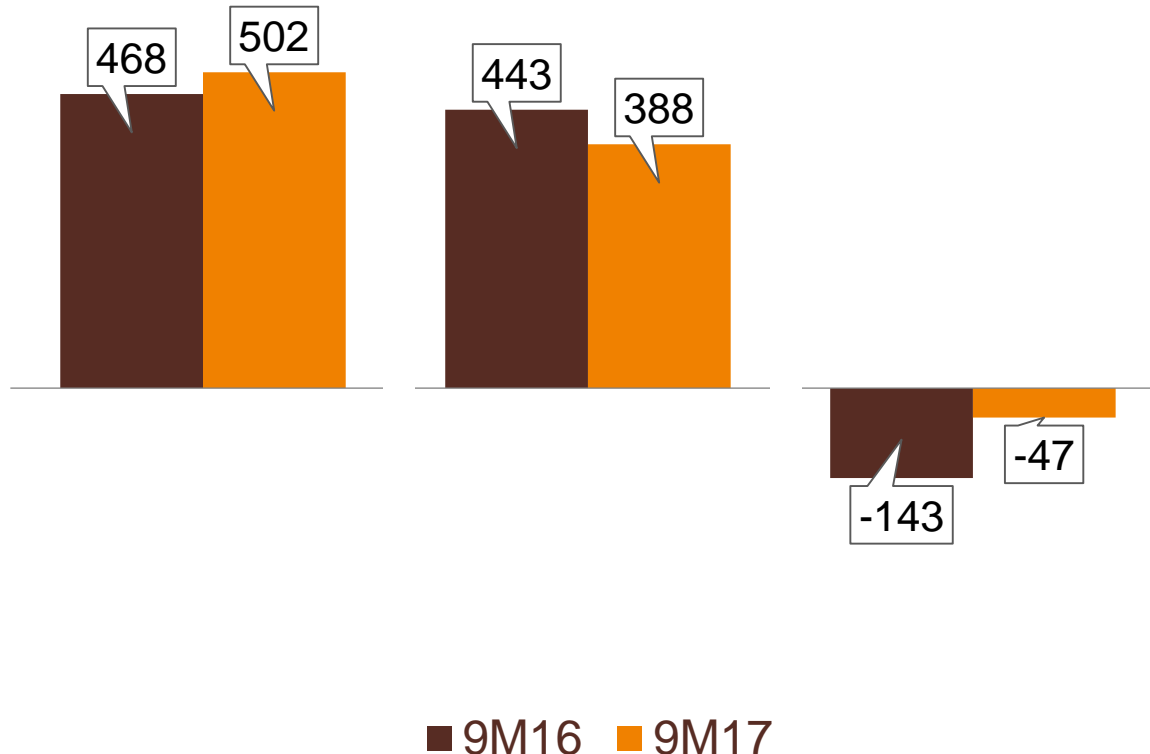

- Net debt in 9M17 vs. 2016 influenced by decreasing cash exceeding decrease of debt.
- Decrease of cash in 9M17 vs. 2016 due to capex, acquisitions and dividends.

Operating cash flow, Capex and Working Capital (CZK mil.)

Operating CF

Capex

Working Capital

- Operating CF increased, thanks to positive working capital cash flow effect (increased payables 9M vs. YE) despite decreased profit.

- Decrease of Capex – net effect of lower capex in Poland (100 MCZK new production hall in 9M16) and higher capex in Slovenia (modernization of production line in 9M17).

- Decrease of working capital influenced by the increase of trade payables in all segments except Poland, mainly in Studenac.

Acquisitions I/2

Studenac

- Continuing integration (sales team, SAP, production processes).
- Decrease of revenues because customers did a frontloading before the takeover and timing of the takeover (at 2016 YE – lack of time for the change of business model, marketing campaigns).
- Rising revenues in Croatia thanks to sales of Radenska and Pepsi.
- Croatian market in a crisis due to bankruptcy of Agrokor/Konzum. When this crisis is over, it could be an opportunity to further increase our market share due to the end of Agrokor monopoly.

- The biggest salad producer in Czechia, expected effect of CZK 60 mil. on 2017 Group revenues.
- Production of approx. 5000 salads daily.
- Acquired a production division for tens of millions CZK.
- We did not acquire the wholesale of fruit and vegetables.
- The takeover in June 2017.
- Our goal – to strengthen UGO in another fresh food segment – Retail.

- Kofola will expand its portfolio of healthy food products: syrups, juices, jams, products made from medicinal plants from certified farms.
